Strategic Goals

2017-2020

Updated June 2017

Healthy Living NT, incorporated as the Diabetes Association of the NT Inc., has helped to improve the community's health and well-being since 1980. Healthy Living NT's Strategic Goals map our directions and future.

Working in the diabetes and cardiac fields allows Healthy Living NT to significantly contribute to improving health and well-being, through a diverse range of services including education, information, advocacy and support. Healthy Living NT services continually evolve to improve the health of Territorians.

We value the contributions and continued support of members, the community and Territory and Commonwealth Governments in supporting the vital role of this organisation.

Our Business Plan delivers against these Strategic Goals and focuses on annual objectives and priorities.

Strategic Goals 2017-2020

Goal 1: Making members and the community core to the organisation, through:

- Provision of a diverse range of services and support.
- Committed advocacy for people with diabetes and for the broad determinants of health at an individual, NT and national level.
- Provision of responsive, quality information and active communication.

Goal 2: Providing leadership for strategic advocacy related to primary and secondary prevention, through:

- Representation to influence policy development and service provision at a national and NT level.
- Promotion of equity and access for high risk groups of people, particularly people living in regional and remote areas.
- Representation of sector needs and requirements through the Good Health Alliance NT.
- Promotion of a holistic approach to a healthier and healthy lifestyle.

Goal 3: Delivering a portfolio of quality services, through:

- An effective and collaborative relationship with funders.
- A broad range of services to consumers, community and practitioners on behalf of funding bodies, based on best practice and evidence based protocols.
- Examining the feasibility of integrated services to clients and the community through collaboration with other practitioners.
- Identification of other relevant services.

Goal 4: Enhancing the sustainability and viability of the organisation, through:

- Ethical practices and adoption of contemporary business standards in all aspects of governance including succession planning and risk management.
- Identification, assessment and implementation of business development and income generation opportunities.
- Quality financial management practices, including accountability and transparency.
- Effective interaction with key stakeholders.
- Utilisation of appropriate technologies.
- Engagement of suitably qualified team members.
