Strategic Goals

Issued June 2026

Our Commitment to the Community

Healthy Living NT, incorporated as the Diabetes Association of the NT Inc., has helped to improve the community's health and well-being since 1980. Healthy Living NT's Strategic Goals map our directions and future.

Healthy Living NT seeks to improve the health and well-being of the whole community, extending from preventative health services to specialised self-management support for people living with key chronic conditions such as diabetes and heart disease. We pride ourselves on working with the community and our role within the Territory's primary health care system. In partnership with stakeholders, our services continually evolve to improve the health of Territorians.

We value the contributions and continued support of members, the community and the Australian and Territory governments in supporting the vital role of this organisation.

Our Business Plan delivers against these Strategic Goals and focuses on annual objectives and priorities.

Our Strategic Goals

Goal 1

To ensure members and the community are core to the organisation through:

- Providing a diverse range of services and support
- Committed advocacy for people with diabetes and for the broad determinants of health at an individual, Northern Territory and national level
- Providing responsive, quality information and active communication
- Providing direct support to individuals and the community to manage the impact of diabetes through the Bill Raby Diabetes Fellowship.

Goal 2

To proactively lead strategic advocacy for health promotion and chronic conditions through:

- Influencing strategy, policy development and service provision at a Northern Territory and national level
- Promoting equity and access for high risk groups with chronic conditions, particularly people living in regional and remote areas and people from low socio-economic backgrounds
- Representation of sector needs and requirements through key partnerships and collaborations
- Promoting a holistic approach to a healthier lifestyle.

Goal 3

To deliver a portfolio of quality services through:

- An effective and collaborative relationship with funders
- A diverse range of services to consumers, community and practitioners, based on best practice and evidence-based protocols
- Collaboration to deliver integrated services to clients and the community
- Identifying other emerging service needs.

Goal 4

To enhance the sustainability and viability of the organisation through:

- Ethical practices and adoption of contemporary business standards in all aspects of governance including succession planning and risk management
- Identifying, assessing and implementing business development and income generation opportunities
- Quality financial management practices, including accountability and transparency
- Effectively interacting and engaging with key stakeholders
- Leveraging suitable technologies
- Engaging appropriately qualified team members
- Being adaptable, agile and responsive to changes.

Our Guiding Values

To pursue excellence in all facets of Healthy Living NT's operations, through:

- Professionalism, ethical practice and respect for the organisation
- Fairness, honesty, confidentiality and compassion
- Mutual respect for all stakeholders, individuals and their roles
- Continuous improvement
- Active involvement with, and responsiveness to, diverse community needs
- Working collaboratively or in partnership
- A respectful and safe working environment.

Consumer Charter

Healthy Living NT:

- Assists its members and people with chronic health conditions such as diabetes and heart disease with products, information, education and support,
- Supports people and communities to adopt healthier lifestyles by providing information and programs targeting health promotion and prevention, and
- Provides support, training and information to health professionals.

Healthy Living NT is committed to serving the whole Northern Territory community in all its diversity.

We value and promote inclusive service provision treating clients and staff with dignity and respect.

Our services seek to empower people to make their own informed choices free from bias.
